

"After 26 years on a spiritual path, I can finally put all that I have learned into two words, "The Work." Byron Katie has masterfully taken all of the possible elements that can cause human suffering and synthesized them into four simple but elegant questions that will heal whatever ails you... Anyone who is serious about personal healing or evolution "NEEDS" to learn how to do The Work and do it every single day, for the rest of their lives. I am serious and, I do The Work daily." Iyanla Vanzant, Author, Founder and Executive Director, Inner Visions Institute For Spiritual Development

## ☯ Course Information

*This Residential intensive invites you to:*

- Leave your usual schedules and responsibilities behind.
- Set aside habitual patterns that keep you separate from feelings and beliefs that arise.
- Feel the impact of your belief systems.
- Address issues with a simple, effective method in a safe environment.
- Experience a new way of being with yourself and others
- Recognise the freedom of accepting life just as it is.
- Develop a deeper understanding of **The Work** to support a lasting difference in your life.

**The Work** has been called the most powerful method ever developed to end human suffering, and yet it is so simple that even a child can do it. It offers us a way to stop our painful war with reality so that we can see clearly.

*The Work* consists of a simple written exercise. Using specific, penetrating questions, we investigate our thinking and become aware of our confusion. This is self-realization. It's a chance for the mind to meet itself, to stop itself on paper and through inquiry, realize the cause and effect of arguing with 'what is.'

People who use *The Work* experience extraordinary and lasting impact on their daily lives.

**WE** will come together as a small intimate group forming a community to do *The Work* and unravel ourselves. This is an extraordinary opportunity to immerse yourself in *The Work* of Byron Katie.
